Professional Considerations

How are you protecting your professional interests?

How are you exercising your legislative interests? Are those interests being heard?

Are you struggling to meet your continuing education requirements?

What does being an OTAC member say about you?

- Recognize the OT profession
- Contribute your expertise, skills, and time to legislative and community-based efforts
- Demonstrate an interest to protect and advocate for occupational therapy in Colorado
 - Desire to be part of a community of professionals

Your OTAC Membership Matters

Student Benefits

Receive a discounted membership that offers you a leverage in building relationships and skills in leadership and teamwork. Learn about additional benefits and why supporting OTAC is crucial to your career in OT, at www.otacco.org under Student Corner.

Volunteer Opportunities

Receive contact hours and leadership experience for volunteering on an OTAC committee or an OTAC board position.

CO OT Practice Act

The state of Colorado has a Sunset Review Process. OTAC participates in the periodic resubmission process to DORA to demonstrate a continued need for a regulatory agency.

Continuing Education

Receive discounts to local continuing education events and free access to District and SIS meetups. Check out our event calendar for a list of these events.

OTAC Membership Benefits

Advocacy

Your annual due funds two of OTAC's state lobbyists who have over 10 years experience in lobbying for our profession. OTAC provides an active role in supporting member's state legislative interests and concerns.

Build Relationships

Connect with OT practitioners and students at local activities, professional events, and through OTAC's member directory.

Colorado OT News

Receive an email subscription and submit articles to the *OTAC Pulse*.

The Occupational Therapy Association of Colorado is a member-funded professional organization that advocates on behalf of Colorado occupational therapy practitioners.

We are stronger collectively than as individuals.
